ALEKEOZOR VALENTINE KOSISOCHUKWU

ABOUT ME

I'm a graduate of Electronics and Computer Engineering with a strong interest in building modern, user-friendly web apps. As a front-end developer, I've worked on responsive projects that focus on both performance and a smooth user experience. I'm comfortable working in teams, picking up new tools quickly, and adapting to fast-changing tech environments. I'm passionate about using technology to solve real problems and make digital experiences better.
